Our Support of a local Children's charity.

As a team we wanted to support a local children's charity rather than supporting a variety of charities. The decision was made to support 'The Grace Kelly Childhood Cancer Trust' which is a local Worcestershire charity. The charity works with children and families suffering with Cancer, they support and raise awareness of this horrible disease. We spoke with the Grace Kelly team to see how we could become part of their community. Our aim as a setting is to raise as much money and support as we could by carrying out a variety of fundraisers and also taking part in events that The Grace Kelly Team put together.

Our First Fundraising Event

Our First event was an afternoon tea with parents and their children. The staff provided the food and we managed to get lots of donated prizes from local businesses. We were overwhelmed with the generosity of people. Below is an extract from my Newsletter detailing how much we had raised:

GRACE KELLY CHILDHOOD CANCER CHARITY EVENT I must start this newsletter off by saying a massive thank you to each and every one of you that supported our first

charity fundraising event. As a team we were overwhelmed by the generosity that you showed. On the day we were hoping to raise £200 for the Grace Kelly Childhood Cancer Trust so to raise over £500 was mind-blowing! The team worked really hard to put on a delicious afternoon tea and I hope you will all join me in thanking them also for supporting mine and Toyah's crazy ideas and helping to make the day a huge success. It was so wonderful to see family and friends come together and enjoy the afternoon. Sophie from the charity said what a lovely atmosphere there was around the room. One final thank you must go to everyone that donated the incredible raffle prizes. It really was amazing to be a part of and we can't wait to host our next charity event!

Below are some other events we have taken part in………………………………….

Our Total so far………………

So far Little Bo Peep Ltd have

Raised a total of £695
