

## Preparing children for a positive transition to school

### Building positive relationships:

- I can build relationships with staff and peers.
- I can show empathy towards my friends.
- I can work and play cooperatively with others.

### Persevering and overcoming challenges:

- I have a 'can do' attitude.
- I can keep persevering with challenges.

### Independent:

- I can meet my own personal needs.
- I can use a knife and fork.
- I can dress/undress myself.

### Having fun and enjoying learning new skills:

- I can find ways to learn

### Strong communicators:

- I can confidently communicate my needs.
- I can listen to and follow instructions.
- I can retell simple stories.
- I can share my own thoughts and ideas.

NAME:

DATE OF BIRTH:

At little Bo Peep Preschool, we recognise that starting school is an exciting time, but it can also prove a daunting time too. Our child centred approach means that with some preparation and encouragement, we can help your child to settle more easily and be ready for their next adventure.

Our positive transition to school starts on our road map, our road map identifies the key elements that we feel is important to having the fundamental skills needed for school. Our child centred approach means each journey is unique and children navigate their own journey.

The steps are based on the skills, knowledge, and attitudes that reception class teachers highlight are important for children to achieve so that they are ready to start school. Children will be supported to achieve the steps on the road map through secure daily routines, well planned continuous provision, and the consistent implementation of our curriculum.
